1. [] JMM) Talked with Bill Woodruff, Assistant Chief Clerk, Senate Appropriations Committee, regarding the handling of Senator Symington's request for information on the Agency budget which he could use to refute distorted information on this subject. Woodruff agreed such information should not be surfaced in any form, but recommended we should not try to put all the responsibility on Senator Russell for the holddown; Woodruff would prefer we take the position with Symington that budget figures are especially sensitive for many reasons, that all of our Subcommittees have always insisted on it being very closely held; and that once this issue is opened up there is no way to draw the line on further revelations.

25X1

2. [] JMM) Assistant Secretary of State for Congressional Relations William B. Macomber told me today that his office has not been called upon to take any action on the Hill regarding the Ervin bill, although there is some concern in the Department about the problems which it would create.

25X1

3. [] JMM) Met with Senator Stuart Symington in response to his query about the Agency budget. The Senator explained he wanted to say something to refute the recent seriously exaggerated public statements on the subject. I pointed out the problems this would cause and the Senator agreed to defer any action until he had a chance to raise the matter with the Director at a future formal meeting of the Agency Subcommittees. See Memo for Record for details.

25X1

4. [] LLM) Called Representative John Monagan (D., Conn.) in Waterbury, Connecticut, at the request of his Administrative Assistant, Joe Donahue, concerning an individual representing himself as an Agency employee. Mr. Monagan said he knew [] personally, was sure we would not employ him, but felt that he should check anyway. Later, as agreed with the Congressman and based on the advice of [] I advised Joe Donahue that [] was not our employee, but we knew of him through similar misrepresentations by him and past contacts with us. Donahue received this in good humor saying that he, too, had known [] for some time and that if he was one of our employees the Congressman would indeed lose his high esteem for the Agency. I told him I had gotten the same impression from Mr. Monagan.

Later in the day, Mr. George Murphy, of the Joint Committee on Atomic Energy staff, advised me that a letter had been written to the Agency on the subject of possible commercial use of U.S. secret information by our NATO allies.

12. [] - LLM) Based on the advice of [] Chief/E/I/R, that there was a State Department cable in on the question asked by Mr. Philip Manuel, Investigator, Senate Permanent Subcommittee on Investigations, concerning the Italian Socialist Party of Proletarian Unity, I called Mr. John White, Department of State, who agreed that the matter should be referred to the Department. In accordance with my understanding with Mr. White, I called Mr. Manuel and referred him to Mr. White.

25X1

13. [] - LLM) In connection with his inquiry of 20 March 1969, placed a call to Mr. LaVern Duffy, Assistant Counsel, Senate Permanent Subcommittee on Investigations, for the purpose of advising him that we were not able to positively identify any information on names of foreign nationals he had provided. His office advised that he was out on a trip, but that his travel abroad had been temporarily delayed. I told his office to pass on the message to him when he returns that we had not been able to come up with any positive information for him and that I would be glad to talk to him if he has any further questions on this.

No further action is required on this by OLC at this time.

3. [] GLC) In connection with my inquiry to him concerning the request from the staff of the Joint Committee on Atomic Energy for a publication on the Moscow ABM system, Mr. Andy Summers of AEC advised that they were handling this directly with the Joint Committee.

4. [] GLC) William Woodruff, on the staff of the Senate Appropriations Committee, asked if I would look into certain security aspects of a dictating machine which he is interested in using for classified material. I am checking with the Office of Security on this.

Hull said he was not sure how frequent exceptions are granted from the 15 days home leave rule, but noted that exceptions are provided for by regulations. I reminded Hull that this was for Mr. Mace's background use only and suggested that our Director of Personnel would be pleased to discuss the matter further with Mr. Mace if he should desire. ADDENDUM TO JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Thursday - 20 March 1969

25X1 1. [] GLC) Hand carried to Dorothy Fosdick, Staff
Director, Senate Subcommittee on National Security and International
25X1A Operations, background information prepared by our biographics staff
25X1A on [] Ambassador to the United States, in
response to her request on behalf of Senator Jackson who has agreed to
meet with [] in the near future. I advised Miss Fosdick that []
has been extremely active for a East European ambassador, touring the
United States and speaking at clubs, civic groups and colleges. I added
that he has called on a number of Government officials including senators,
congressmen and mayors and has sought appointments with members of
the new Cabinet.

25X1 2. [] GLC) After conferring with FE Division, in
view of the complications that were being incurred in sorting out the
problems concerning the inquiries received by State Department from
Senator Dodd's office on a sensitive Agency case, I met with David
Martin, on the Senator's staff, and learned that he had initiated the
inquiry to State. I told Martin that we were working with the State Depart-
ment in preparing an answer and that he should hear from them shortly.
(See Memorandum for the Record for details.)

Martin mentioned the project that he has been working on in
Senator Dodd's behalf, concerning a proposal for the convening of a
"National Student Conference on Vietnam and World Freedom." Martin
said he had obtained some financial and student support for this program,
which also had the blessing of General Ed Lansdale. Martin provided me
with a Memorandum on the subject and said he would appreciate any
suggestions which our people might have concerning this proposal. This
is being sent to FE Division for study.

25X1A 25X1A Martin mentioned his interest in meeting with []
25X1A [] and said he was aware that [] of our office has been
dealing with J. Sourwine, Senate Internal Security Subcommittee staff, on
25X1A this. I gave Martin some of the background on our dealings with the House
25X1A Internal Security Committee on the [] case and added that []
was becoming quite independent and anxious for someone to lend him a
receptive ear. Martin said he was not sure they would be interested in
25X1A pursuing anything with [] but that he would like to talk to him. I told
25X1A him that [] would be back in touch with him.

7. [] JMM) Bill Trueheart, State Department, called to ask the membership of our Agency Subcommittees on the Hill. I ran down the list explaining that information on our House Appropriations Subcommittee was to be very closely held. Trueheart was also interested in the attendance of Senator Fulbright at our recent Senate Subcommittee briefing and I gave him a rundown of the number of our appearances before various committees and subcommittees thus far this year. Trueheart indicated some surprise at the number of Subcommittee members to whom we regularly report, and the number and scope of our appearances before other committees. He did not explain the purpose of his inquiry other than to remark that it was "not official." He commented that our stock on the Hill seems to be particularly good these days.

Mr. Blandford also noted the full Armed Services Committee of 40 men tends at times to confuse internal matters of importance in their constituencies with the responsibilities of Federal agencies.
